About Me

Passionate and motivated front-end developer with a strong foundation in HTML, CSS, and JavaScript. Eager to apply my foundational skills in building user-friendly and visually appealing web applications. I am a quick learner and enjoy solving problems, with a focus on creating fast and stylish applications.

Skills

- Communication skills
- Creativity
- Adaptability
- Attention to Detail
- Critical Thinking
- Problem-Solving Skills

Education

- **JS Web Developer** 2022 - 2024
Software University
Modules: JS Advanced, JS Back-End, React, Typescript, JS Applications, HTML&CSS, Angular
- **Front-end - intern** 05/2024 - 09/2024
Softuni Intern & Tech Lead Academy 2 / Project 10 for Garant Burgas

Experience

- **Front - End Developer** 09/2024 - present
Diagram Ltd.
Building data-driven web applications, including ERP systems. Responsible for developing and maintaining scalable user interfaces using React and TypeScript, integrating REST APIs, and handling asynchronous data flows. Worked with complex datasets, implementing data processing, validation, and visualization logic. Managed application state using modern tools, ensuring performance and consistency across the application. Collaborated closely with backend developers and designers to deliver efficient workflows, maintain clean architecture, and provide intuitive, user-centric interfaces.

Projects

Next JS - my portfolio
